

**Application No. 10/709,199
Amendment Dated 29 August 2005
Response to Office Action Dated 9 August 2005**

Attorney Docket No. 5704-00210

Remarks

Applicant respectfully requests consideration of the instant application in view of the following remarks.

Claim Status

Claims 1-39 are pending in the instant application.

Claims 10 and 32 are withdrawn from consideration at this time responsive to a species election filed on 23 July 2005.

Claims 1-9, 11-31 and 33-39 are now subject to a second requirement for election of species.

Restriction / Election

The Examiner has imposed a species election requirement under 35 U.S.C. 121, requiring an election of a single species from a first species wherein the coolant is fuel, and a second species wherein the coolant can be any fluid. Responsive to this requirement, Applicant hereby elects the first species wherein the coolant is fuel. Of the claims previously elected, claims 1-9, 16-31, and 33 are readable on the elected species. Applicant respectfully submits that elected claim 1 is generic to non-elected claim 10, and that elected claim 23 is generic to non-elected claim 32, thereby traversing the Examiner's characterization that no claim is generic.

Summary and Conclusions

Responsive to the species election requirement, Applicant has elected the species wherein the coolant is fuel, upon which read claims 1-9, 16-31, and 33, which Applicant respectfully requests be examined in the instant application.

Respectfully Submitted,

Kurt L. VanVoorhies
